**About Universal Electronics**

Universal Electronics Inc., based in Southern California, develops firmware and turnkey solutions as well as software designed to enable consumers to wirelessly connect, control and interact with an increasingly complex home environment. The company's primary markets include original equipment manufacturers (OEMs) in consumer electronics and personal computing, as well as multiple system operators in the cable and satellite subscription broadcasting markets. Over the past 16 years, the company has developed a broad portfolio of patented technologies and the industry's leading database of home connectivity software that it licenses to its customers, including many leading Fortune 500 companies. In addition, UEI sells its universal wireless control products and other audio/visual accessories through its European headquarters in The Netherlands, and to distributors and retailers in Europe, Asia, Latin America, South Africa and Australia/New Zealand under the One For All(R) brand name.
