

Universal Electronics Reports Second Quarter 2013 Financial Results

August 8, 2013

- Net sales increased 17% over second guarter 2012 -
- Operating income increased 46% over second quarter 2012 -

SANTA ANA, Calif.--(BUSINESS WIRE)--Aug. 8, 2013-- Universal Electronics Inc. (UEI), (NASDAQ: UEIC) reported financial results for the three and six months ended June 30, 2013.

Paul Arling, UEI's Chairman and CEO, stated: "We delivered better than expected second quarter 2013 results primarily due to strong sales in our subscription broadcasting business, especially in the U.S. and Latin America, as well as our consumer electronics OEM business. UEI is the market leader in wireless control technology for the connected home, but we are not stopping there; we are supplying the innovative solutions that address future evolutions in home entertainment. Our core business continues to grow as our customers are including more advanced technologies into their products, such as Bluetooth-enabled remote controls and onscreen navigation for televisions, which drives demand for a wide variety of UEI solutions. We continue to gain traction with our embedded app technologies such as UEI QuickSet and Control Plus as we work with some of the world's largest smart device companies. In fact, we expect to launch our embedded app technologies with mobile, IPTV and game console companies later in 2013 and into next year. With our market position, market approach and expanding market opportunity, we believe the future has never looked brighter."

Use of Non-GAAP Financial Metrics

Non-GAAP gross margins, Non-GAAP operating expenses, and Non-GAAP net income and earnings per share are supplemental measures of the company's performance that are not required by, and are not presented in accordance with GAAP. The non-GAAP information does not substitute for any performance measure derived in accordance with GAAP. Non-GAAP gross profit is defined as gross profit excluding depreciation expense related to the increase in fixed assets from cost to fair market value resulting from acquisitions. Non-GAAP operating expenses are defined as operating expenses excluding amortization of intangibles acquired and other employee related restructuring costs resulting from acquisitions. Non-GAAP net income is defined as net income from operations excluding the aforementioned items and the related tax effects as well as additional reserves recorded resulting from a tax audit in Hong Kong for years preceding our acquisition of Enson Assets Limited. A reconciliation of non-GAAP financial results to GAAP results is included at the end of this press release.
