

Universal Electronics Selected for XFINITY XR-11 Voice Remote

January 5, 2015

SANTA ANA, Calif.--(BUSINESS WIRE)--Jan. 5, 2015-- [Universal Electronics Inc. \(UEI\) \(Nasdaq:UEIC\)](#) today announced that Comcast has chosen UEI as the key supplier of their latest voice remote from XFINITY, an advanced voice remote platform for XFINITY services. A recent agreement extends and expands the supply of remote controls, remote control technology, and associated products and services to Comcast over the term of the agreement.

Comcast and its XFINITY brand have become well known for leadership in advanced technology and user enhancements for home services. UEI is supplying the latest voice remote platform as the premier universal remote in the XFINITY lineup, as well as other universal remotes and accessories.

The new voice remote from XFINITY is loaded with advanced design features:

- Voice control that lets you find what you want faster – using voice commands to change channels, search for shows or favorite actors, get recommendations, and more
- Embedded Zigbee RF4CE for low power use and reliable performance across all XFINITY services
- Over-the-air firmware updates for the latest device codes and software upgrades
- Easy pairing with a set-top box for easy home setup

“UEI has been a solid supplier to Comcast for many years,” said Jonathan Palmatier, V.P. of Product Development at Comcast. “We feel confident that our continued relationship, backed by UEI’s expertise in advanced control technology and quality manufacturing will continue to meet our high expectations.”

“Comcast has always been a leader in implementing advanced technology that will improve the consumer experience,” said Paul Arling, Chairman and Chief Executive Officer of Universal Electronics. “Working together we are truly redefining the remote control.”

The voice remote is expected to be widely available to subscribers of XFINITY services later this year.

About Universal Electronics

Founded in 1986, Universal Electronics Inc. (UEI) is the global leader in wireless control technology for the connected home.
