PROXY STATEMENT  
ANNUAL MEETING OF STOCKHOLDERS

To be held on Thursday, June 21, 2001

Mailed On or About April 26, 2001

INTRODUCTION

This Proxy Statement (the "Proxy Statement") is being furnished to stockholders of Universal Electronics Inc., a Delaware corporation ("Universal" or the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board" or the "Board of Directors") from holders of record of the Company's outstanding shares of common stock, par value \$.01 per share (the "Company Common Stock"), as of the close of business on April 19, 2001 (the "Annual Meeting Record Date") for use at the 2001 Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held on Thursday, June 21, 2001, at 9:00 a.m. (Los Angeles, California local time) at The Courtyard by Marriott, 5865 Katella Avenue, Cypress, California 90630 and at any adjournments or postponements thereof. This Proxy Statement and the accompanying form of proxy are first being mailed to stockholders on or about April 26, 2001. The world headquarters and principal executive offices of the Company are located at 6101 Gateway Drive, Cypress, California 90630.

VOTING RIGHTS AND PROXY INFORMATION

Only holders of record of shares of Company Common Stock as of the close of business on the Annual Meeting Record Date will be entitled to notice of and to vote at the Annual Meeting or any adjournments or postponements thereof. Such holders of shares of Company Common Stock are entitled to one vote per share on any matter that may properly come before the Annual Meeting. The presence, either in person or by properly executed and delivered proxy, of the holders of a majority of the then outstanding shares of Company Common Stock is necessary to constitute a quorum at the Annual Meeting and to permit action to be taken by the stockholders at such meeting. Under Delaware law, shares of Company Common Stock represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

The affirmative vote of a plurality of shares of Company Common Stock present in person or represented by proxy at the Annual Meeting is required to elect the directors nominated pursuant to Proposal One. "Plurality" means that the individuals who receive the largest number of votes cast are elected as directors up to the maximum number of directors to be chosen at the meeting. Consequently, any shares not voted (whether by abstention, broker non-vote, or otherwise) as to Proposal One will have no impact on the election of directors, except to the extent that the failure to vote for an individual results in another individual receiving a larger number of votes. Thus, the withholding of a vote with respect to the election of any nominee for director will have the practical effect of a vote against that nominee.

Passage of Proposal Two and any other question or matter properly brought before the Annual Meeting requires the approval of a majority of the shares of Company Common Stock present in person or represented by proxy at the Annual Meeting. An abstention with respect to any share will have the practical effect of a vote against Proposal Two or any other question or matter properly brought before the Annual Meeting. A broker non-vote with respect to any share will not affect the passage of Proposal Two or any other question or matter properly brought before the Annual Meeting, since the share is not considered present for voting purposes.

As of April 19, 2001, there were 13,864,939 shares of Company Common Stock outstanding and entitled to vote at the Annual Meeting. The directors and executive officers of the Company intend to vote in accordance with the recommendations of the Board with respect to Proposals One and Two and any other question or matter properly brought before the Annual Meeting.

All shares of Company Common Stock that are represented at the Annual Meeting by properly executed and delivered proxies received prior to or at the Annual Meeting and not revoked will be voted at the Annual Meeting in accordance with the instructions indicated in such proxies. If no instructions are indicated for any Proposal, such proxies will be voted in accordance with the recommendations of the Board as set forth herein with respect to such Proposal.

In the event that a quorum is not present at the time the Annual Meeting is convened or if for any other reason the Company believes that additional time should be allowed for the solicitation of proxies, the Company may adjourn the Annual Meeting with or without a vote of the stockholders. If the Company proposes to adjourn the Annual Meeting by a vote of the stockholders, the persons named in the enclosed form of proxy will vote all shares of Company Common Stock for which they have voting authority in favor of such adjournment.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with Firststar Bank N.A., in its capacity as transfer agent for the Company (the "Transfer Agent"), at or before the Annual Meeting, a written notice of revocation bearing a later date than the proxy, (ii) duly executing a subsequent proxy relating to the same shares of Company Common Stock and delivering it to the Transfer Agent at or before the Annual Meeting, or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not, in and of itself, constitute a revocation of a proxy). Any written notice revoking a proxy should be sent to Firststar Bank, N.A., Corporate Trust, 1555 North Rivercenter Drive, Suite 301, Milwaukee, Wisconsin, 53212.

#### PROPOSAL ONE: ELECTION OF DIRECTORS

#### GENERAL

The number of directors of the Company's Board of Directors is presently set at nine and is divided into two classes. There are currently six directors, two of whom are Class I Directors and four of whom are Class II Directors, and three vacancies. The Class I Directors are directors who are also employees of the Company and/or any subsidiary of the Company, and are elected each year at the Annual Meeting of Stockholders to serve a one-year term. The Class II Directors are directors of the Company who are not also employees of the Company and/or any subsidiary of the Company, and are elected every even-numbered year at the Annual Meeting of Stockholders to serve a two-year term.

Each of the Class I Directors' terms expires at this year's Annual Meeting.

The three vacancies are as a result of resignations that occurred in early 1998 and in 1999.

THE BOARD OF DIRECTORS OF THE COMPANY UNANIMOUSLY RECOMMENDS A VOTE FOR EACH OF THE FOREGOING NOMINEES AS DIRECTORS OF THE COMPANY.

#### THE BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

In 2000, the Board met eight times and acted by unanimous written consent three times. No director attended less than 75% of the number of meetings of the Board of Directors and the committees on which he or she served during the period for which he or she was a member of the Board.

The Board has four standing committees: (i) Acquisition Advisory (ii) Audit; (iii) Compensation; and (iv) Nominating. The members of each committee are appointed by the Board of Directors and serve at its discretion. A majority of each of the committees constitutes a quorum, and the acts of a majority of the members present at any meeting at which a quorum is present, or acts approved in writing by all of the members, are acts of any of the respective committees.

The members of the Acquisition Advisory Committee are David Beddow and William C. Mulligan, neither of whom is an officer or employee of the Company or any of its subsidiaries. The Acquisition Advisory Committee serves to assist management in the development of the Company's acquisition and disposition strategies and in the analysis of potential acquisition targets. During 2000, the Acquisition Advisory Committee met with management on an informal basis regularly throughout the year and acted once by unanimous written consent.

The members of the Audit Committee are David Beddow, Bruce A. Henderson and William C. Mulligan (who is Chairman of the Committee), none of who is an officer or employee of the Company or any of its subsidiaries. Each

member of the Audit Committee is independent, as independence is defined in Rule 4200(a)(15) of the listing standards of the National Association of Securities Dealers, Inc. The Audit Committee's functions include meeting with the Company's independent auditors and management representatives, making recommendations to the Board regarding the appointment of the independent auditors, approving the scope of audits and other services to be performed by the independent auditors, considering whether the performance of any professional service by the auditors could impair their independence, and reviewing the results of external audits, the accounting principles applied in financial reporting, and financial and operational controls. The independent auditors have unrestricted access to the Audit Committee and vice versa. During 2000, the Audit Committee met three times and acted once by unanimous written consent. The Audit Committee report is set forth in Appendix A hereto. The full text of the Audit Committee charter is set forth in Appendix B hereto.

**Audit Fees.** The fees to PricewaterhouseCoopers LLP ("PWC") in connection with the annual audit and review of Forms 10-Q for the fiscal year 2000 were \$172,500, of which an aggregate amount of \$77,867 has been billed through December 31, 2000.

**Financial Information Systems Design and Implementation Fees.** There were no financial information systems design and implementation services rendered by PWC to the Company for the fiscal year ended December 31, 2000.

**All Other Fees.** The total of all other fees to PWC during 2000 amount to \$362,145, of which, \$111,672 relate to tax compliance and planning.

In making its determination regarding the independence of PWC, the Audit Committee considered whether the provision of the services described under the captions "Financial Information Systems Design and Implementation Fees" and "All Other Fees" was compatible with maintaining the independence of PWC.

The members of the Compensation Committee are Bruce A. Henderson and J.C. Sparkman (who is Chairman of the Committee), neither of whom is an officer or employee of the Company or any of its subsidiaries. The Compensation Committee's functions include making recommendations to the Board on policies and procedures relating to executive officers' compensation and various employee stock plans and approving individual salary adjustments and stock awards in those areas. During 2000, the Compensation Committee met once and acted once by unanimous written consent.

The members of the Nominating Committee are William C. Mulligan and J. C. Sparkman, neither of whom is an officer or employee of the Company or any of its subsidiaries. This committee considers nominees for election as directors. The committee utilizes the same procedure to consider nominees recommended by stockholders made pursuant to procedures identified in the Company's Amended and Restated By-laws, which are described in this Proxy Statement in "STOCKHOLDER NOMINATIONS OF DIRECTORS", as is used to consider nominees recommended by any other source. In addition, the committee fulfills an advisory function with respect to a range of matters affecting the Board and its committees, including making recommendations with respect to qualifications of director candidates, compensation of directors, the selection of committee assignments and chairs, and related matters affecting the functioning of the Board. The Nominating Committee did not meet during 2000.

#### COMPENSATION OF DIRECTORS

On February 1, 2000, the Board of Directors granted options to acquire 20,000 shares of the Company's common stock to each of Messrs. Henderson, Mulligan and Sparkman and an option to acquire 10,000 shares of the Company's common stock to Mr. Beddow. The options were all granted from one of the Company's stock option plans and provided for the vesting of the options in equal 1/3 increments on each of the first three anniversaries of the date of grant, a 10 year life, accelerated vesting in the event of a change in control of the Company and a cessation in vesting in the event the Optionee does not stand for reelection. Each of the options was priced in accordance with the option plan and has an exercise price of \$18.5625 per share. In addition, the Company pays an annual fee of \$25,000 to each Director who is not an officer of the Company or any of its subsidiaries. In 2000, this fee was paid entirely in Company Common Stock. Directors who are also officers of the Company receive no additional compensation for their services as directors (see "COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION"). All directors are also reimbursed for travel expense and other out-of-pocket costs incurred in attending meetings.

## COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") requires the Company's directors and certain of its officers and persons who own more than ten percent of a registered class of the Company's equity securities to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission and The Nasdaq Stock Market. Such persons are further required to furnish the Company with copies of all such forms they file. Based solely on the Company's review of the copies of such forms it has received, the Company believes that, except for the late filing of Form 5 reports by each of Paul Arling, Camille Jayne, Paul J. M. Bennett, Jerry Bardin, J. Stewart Ames and Mark Belzowski with respect to the issuance of options to acquire shares of the Company Common Stock and of Form 5 by each of Bruce A. Henderson, William C. Mulligan and J. C. Sparkman with respect to the issuance of shares of Company Common Stock as outside director compensation received during 2000 (see "COMPENSATION OF DIRECTORS"), all of the Section 16(a) filing requirements were satisfied by the Company's directors and executive officers.

STOCK OPTIONS

Grant of Stock Options. The following table sets forth details regarding stock options granted to the Named Executive Officers in 2000. The Company has never granted stock appreciation rights. In addition, in accordance with Securities and Exchange Commission ("SEC") rules, the table shows the hypothetical gains or "option spreads" that would exist for the respective options. These gains are based on assumed rates of annual compound stock price appreciation of 5% and 10% from the date the options were granted over the full option term. The actual value, if any, an executive may realize will depend on the spread between the market price and the exercise price on the date the option is exercised.

- (1) Under its 1993, 1995, 1996, 1998 and 1999 Stock Incentive Plans, the Company may grant to eligible employees stock options either on a non-qualified tax basis or as "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). Under its 1999A Nonqualified Stock Plan, the Company may only grant stock options to eligible employees on a non-qualified tax basis. In August 2000, the Company granted a total of 417,500 option to employees.
- (2) Under all stock option plans, the option purchase price is equal to the fair market value at the date of the grant.

(3) If an optionee ceases to be an employee, other than by reason of death or disability, while holding an exercisable option, the option will generally terminate if not exercised within the following 180 days. If the optionee's employment ceases without "cause" or as a result of a "constructive termination", each as defined in the Plan, all options shall be immediately exercisable and, if the optionee's employment ceases within two years

of such constructive termination (18 months in the case of options granted under the 1999A Plan), then the optionee shall be permitted to exercise the options at any time until the expiration of the option in accordance with its original term. Stock options are not transferable except that under all Plans if an optionee dies while an employee of the Company or within one year after becoming disabled, a legal representative or legatee may exercise the option, to the extent not already exercised, at any time up to one year from the date of death or, if shorter, the expiration of the option in accordance with its original term and in addition, under the 1999A Plan stock options may be transferred (i) by will or by the laws of descent and distribution or (ii) by gift or domestic relations order to a family member of the Optionee, (a "Permitted Transferee"), but in such cases, such options may only be exercised during the Optionee's lifetime by a Permitted Transferee, the Optionee, or in the case of Optionee's legal incompetency, by Optionee's guardian or legal representative.

- (4) In accordance with SEC rules, these columns show gains that might exist for the respective options, assuming the market price of the Company's Stock appreciates from the date of the grant over a period of ten years at the annualized rates of five and ten percent, respectively. If the stock price does not increase above the exercise price at the time of the exercise, realized value to the named officers from these options will be zero. There can be no assurance that the amounts reflected in this table or the associated rates of appreciation will be achieved.
- (5) Options were granted pursuant to the Universal Electronics Inc. 1999A Nonqualified Stock Plan and vest over four years on the anniversary date of the grant at a rate of 25% per year and have ten year terms.

EMPLOYMENT AGREEMENTS AND TERMINATION OF EMPLOYMENT ARRANGEMENTS

Mr. Arling. In August 2000, the Company and Mr. Arling entered into an employment agreement with an initial term of two years commencing on October 1, 2000 and ending on September 30, 2002. By this agreement, Mr. Arling was promoted to the positions of President and Chief Executive Officer of the Company. The agreement also provides that, during the term of the agreement, Mr. Arling is to (i) devote his full working time and energy to the Company, (ii) refrain from disclosing and/or using any of the Company's trade secrets and proprietary information, and (iii) during the term of the agreement and for a period of two (2) years thereafter, refrain from soliciting any of its certain large customers or any key employees. In addition, unless terminated by either party in accordance with the terms of the agreement, the term would automatically renew for successive one-year terms. The agreement also provides that effective on October 1, 2000, Mr. Arling's annual base salary would increase to \$300,000 (an increase of 20% over his 2000 annual base salary), with the opportunity to receive increases (but not decreases) in such annual salary as determined and set by the Board of Directors' Compensation Committee in accordance with plans and policies established by that committee. For 2001, Mr. Arling's annual base salary is \$300,000. Mr. Arling also may earn an annual bonus payable at or near the end of the each fiscal year in an amount equal to a percentage of his base salary in accordance with the method established by the Compensation Committee (see "COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION -- Annual Bonus Incentives"). Mr. Arling received an annual bonus of \$360,000 for 2000. The agreement also permits the Company to award a

discretionary bonus to Mr. Arling as determined by the Compensation Committee, Mr. Arling received no discretionary bonus in 2000. The agreement further provides for the grant of options to acquire shares of Company Common Stock as determined by the Compensation Committee. On August 24, 2000, Mr. Arling received an option to acquire up to 80,000 shares of Company Common Stock at an exercise price of \$20.188 per share, equal to the average of the high and low prices

of the Company Common Stock on the date of grant, and which vests in equal increments over four (4) years. The agreement also continues the non-recourse interest bearing secured loan previously provided Mr. Arling. The loan was used by Mr. Arling for the acquisition of his primary residence in Southern California. The loan bears interest at the rate of 5.28% per annum, which interest is payable annually to the Company on each December 15th. The loan is secured by the primary residence purchased by Mr. Arling and the principal is payable on the earlier of (i) December 15, 2007, (ii) within twelve (12) months following a demand from the Company in the event that Mr. Arling shall cease (for whatever reason) being an employee of the Company or upon the occurrence of an Event of Default (as such term is defined within the promissory note evidencing the loan) or (iii) on the closing of a sale or transfer by Mr. Arling or his spouse of all or any part of his and/or her primary residence in Southern California that secures the loan, including without limitation any sale or transfer of any interest therein (including any beneficial interest therein) without the Company's prior written consent, which consent will not be unreasonably withheld. The agreement further entitles Mr. Arling to participate in benefits plans of the Company in effect from time to time and for other customary benefits.

If during the term of the agreement Mr. Arling should resign for "good reason" (as such term is defined in the agreement), Mr. Arling will receive salary, bonus, other incentive compensation and perquisites, and may continue to participate in Company benefits plans, for an 18-month period following such resignation (twenty-four (24) months if such resignation is due to a "friendly acquisition" "Change in Control" (as such term is defined in the agreement)).

Ms. Jayne. In August 2000, the Company and Ms. Jayne entered into an employment agreement with the term commencing on October 1, 2000 and ending on February 1, 2002, on which date, the agreement will automatically end. By this agreement, Ms. Jayne was promoted to the position of Executive Chairman of the Board. The agreement also provides that during the term of the agreement, Ms. Jayne is to (i) devote her full working time and energy to the Company, (ii) refrain from disclosing and/or using any of the Company's trade secrets and proprietary information, and (iii) during the term of the agreement and for a period of two (2) years thereafter, refrain from soliciting any of its certain large customers or any key employees. The agreement also provides that effective on October 1, 2000, Ms. Jayne's annual base salary would increase to \$400,000 (an increase of 1.3% over her 2000 annual base salary), with the opportunity to receive increases (but not decreases) in such annual salary as determined and set by the Board of Directors' Compensation Committee in accordance with plans and policies established by that committee. For 2001, Ms. Jayne's annual base salary is \$400,000. Ms. Jayne also may earn an annual bonus payable at or near the end of the each fiscal year in an amount equal to a percentage of her base salary in accordance with the method established by the Compensation Committee (see "COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION -- Annual Bonus Incentives"). Ms. Jayne received an annual bonus of \$480,000 for 2000. The agreement also permits the Company to award a discretionary bonus to Ms. Jayne as determined by the Compensation Committee, Ms. Jayne received no discretionary bonus in 2000. The agreement further provides for the grant of options to acquire shares of Company Common Stock as determined by the Compensation Committee. On August 24, 2000, Ms. Jayne received an option to acquire up to 80,000 shares of Company Common Stock at an exercise price of \$20.188 per share, equal to the average of the high and low prices of the Company Common Stock on the date of grant, and which vest in equal increments over four (4) years. In addition, as a part of the employment agreement, each of Ms. Jayne's previously granted stock options was amended to provide for its continuation in accordance with its terms so long as she remains a member of the Company's Board of Directors.

If during the term of the agreement, as amended, Ms. Jayne should resign for "good reason" (as such term is defined in the agreement), Ms. Jayne will receive salary, bonus, other incentive compensation and perquisites, and may continue to participate in Company benefits plans, for an 18-month period following such resignation (twenty-four (24) months if such resignation is due to a "friendly acquisition" "Change in Control" (as such terms are defined in the agreement) or thirty-six (36) months if such resignation is due to a "hostile acquisition" (as such term is defined in the agreement) Change in Control).

Mr. Bennett. On June 16, 1996, the Company's subsidiary, Universal Electronics B.V. (formerly known as One For All, B.V.) entered into an employment agreement with Mr. Bennett. The Company believes that the agreement contains terms and provisions that are typical of these types of agreements in The Netherlands. By the agreement, Mr. Bennett receives a base salary, which salary may be increased as determined and set by the Board of Directors' Compensation Committee in accordance with plans and policies established by that committee. In 2000, Mr. Bennett's base salary was approximately US\$156,000. By the agreement, Mr. Bennett is entitled to earn an annual bonus payable at or near the end of the Company's fiscal year in an amount equal to a percentage of his base salary, provided

that certain earnings targets are met. In 2000, the Company awarded Mr. Bennett an annual bonus equal to US\$90,000. The agreement further entitles Mr. Bennett to receive a use of Company paid automobile, participate in benefits plans of the Company in effect from time to time and for other customary benefits. Mr. Bennett has also received a salary continuation agreement from the Company (see "Pre1999 Salary Continuation Agreements" below).

Pre1999 Salary Continuation Agreements. In 1995 and 1996, Messrs. Ames and Bennett and certain officers of the Company received salary continuation agreements with the Company (each, an "SCA(s)"). Each SCA takes effect upon the occurrence of certain triggering events (as defined in the agreements). In January 1997, Mr. Bennett's SCA was amended by providing that a triggering event under his SCA would include a sale or transfer or disposition by the Company of all or substantially all of the assets or stock of Universal Electronics B.V. (formerly known as "One For All B.V.") to a third party. When effective, each SCA operates as an employment agreement providing for a term of employment with the Company for a period ranging from twelve (12) to eighteen (18) months (thirty-six (36) months in the event of a hostile acquisition). In addition, each SCA provides that the executive or officer would receive increases in salary and bonuses during the term of the SCA in accordance with the Company's standard policies and practices; however, in no event would such base salary and bonus be less than the base salary and bonus such executive or officer received in the year immediately preceding the effective date of the SCA. Further, each SCA provides that the executive or officer will be entitled to receive stock option grants and to otherwise participate in the Company's incentive compensation and benefits plans and other customary benefits programs in effect from time to time, but in no event would such participation be less than that provided such executive or officer immediately prior to the effective date of the SCA.

Under each SCA, in the event the Company terminates the executive's or officer's employment for reasons other than the executive's or officer's death or disability or for "cause" (as such term is defined in each SCA) or the executive or officer resigns for "good reason" (as such term is defined in each SCA, which definition includes resigning in connection with the occurrence of a change in control), the executive or officer would receive, in one lump sum, an amount equal to salary, bonus and other incentive compensation (including being paid the cash value of all options held by such executive or officer, which options become immediately fully vested on the executive's or officer's termination or resignation date) and to continue all health, disability and life insurance benefits for periods ranging from twelve (12) to eighteen (18) months (thirty-six (36) months in the event of a hostile acquisition) following such termination or resignation.

1999 Salary Continuation Agreements. In February 1999, the Company entered into salary continuation agreements with Messrs. Firehammer and Belzowski. These salary continuation agreements are substantially similar to the SCAs (described above) in that they too take effect upon the occurrence of certain triggering events (as defined in the agreements). Similarly, when effective, each salary continuation agreement also (i) operates as an employment agreement providing for a term of employment with the Company for eighteen (18) months following a triggering event (thirty-six (36) months if the triggering event is a "hostile acquisition" (as such term is defined in the salary continuation agreement)), (ii) provides that the executive would receive increases in salary and bonuses during the term of his salary continuation agreement in accordance with the Company's standard policies and practices; however, in no event would such base salary and bonuses be less than the base salary and bonuses such executives received in the year immediately preceding the effective date of the salary continuation agreements, and (iii) entitles the executive to receive stock option grants and to otherwise participate in the Company's incentive compensation and benefits plans and other customary benefits programs in effect from time to time, but in no event would such participation be less than that provided such executive immediately prior to the effective date of his salary continuation agreement.

In addition, each of these salary continuation agreements similarly provides that in the event the Company terminates the executive's employment for reasons other than his death or disability or for "cause" (as such term is defined in the salary continuation agreement) or he resigns for "good reason" (as such term is defined in each salary continuation agreement, which definition includes resigning in connection with the occurrence of a change in control), the executive would receive, in one lump sum, an amount equal to salary, bonus and other incentive compensation (including being paid the cash value of all options held by him, which options become immediately fully vested on the executive's termination or resignation date) and to continue all health, disability and life insurance benefits for a period of eighteen (18) months (thirty-six (36) months in the event of a hostile acquisition) following such termination or resignation.

## COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

As stated above, the Compensation Committee currently consists of Messrs. Sparkman and Henderson, both of whom are non-employees. The Compensation Committee recommends compensation arrangements for the Company's executive officers and is also responsible for determining and otherwise administering the timing, amount, exercise price and other terms of options granted under the Company's various stock incentive plans. Under certain of those plans, options may be granted to non-employee directors of the Board of Directors. In all instances, the recommendations of the Compensation Committee regarding executive officer compensation, including all stock option grants, are passed upon and approved by the full Board of Directors, except that neither Ms. Jayne nor Mr. Arling vote or make decisions on matters involving their own and each other's compensation. Pursuant to one of the Company's stock option plans previously approved by the stockholders, on February 1, 2000, the full Board of Directors authorized a grant of options to each of Messrs. Beddow, Henderson, Mulligan and Sparkman, each an outside director of the Company, in the respective amounts of 10,000, 20,000, 20,000 and 20,000 shares, respectively, with each option vesting ratably over three years and having an exercise price of \$18.5625 per share, the then fair market value as determined in accordance with the plan.

## CERTAIN TRANSACTIONS

On September 1, 1998, the Company entered into an asset purchase agreement with H & S Management Corp. ("H&S"), J. C. Sparkman and Steven Helbig in which the Company acquired all of the assets that were used and useful in the H & S remote control business. Mr. Sparkman received approximately 22% of the purchase price for H&S paid by the Company. The amount received by Mr. Sparkman was \$1.5 million in cash and 84,211 shares of Company Common Stock (pre-split), which had a value of approximately \$874,000 on the closing date of the acquisition. Twenty-five thousand dollars (\$25,000) of the amount received by Mr. Sparkman was in exchange for a non-compete agreement that he entered into with the Company in which he agreed that for seven (7) years from September 1, 1998, he would not, directly or indirectly, either alone or in conjunction with any person or persons, or in any other manner whatsoever (i) carry on or be engaged in the H&S remote control business or any other business which is in competition with the H&S remote control business as existing on September 1, 1998, (ii) solicit business from or transact business with any person, firm or corporation to whom the Company or any of the other parties to the non-compete agreement has sold products where such solicitation would involve the sale of products competitive with those of the H&S remote control business, or (iii) directly or indirectly solicit for employment, offer employment to, or hire any person (as an employee or consultant), or otherwise engage in business any person or persons who is or are employed by the Company immediately after the closing date of the acquisition or during the seven (7) year non-compete period, except with the prior written consent of the Company. The non-compete agreement does not prohibit Mr. Sparkman from (i) carrying on or being engaged in any type of business, which is not competitive with the H&S remote control business in any area whatsoever, or (ii) being an owner of not more than 5% of the outstanding stock of any class of a corporation that is publicly traded whose principal business is competitive with the H&S remote control business, so long as he has no active participation in the business of such corporation.

In connection with the acquisition, Mr. Sparkman also entered into a consulting agreement with the Company whereby Mr. Sparkman would provide the Company with certain consulting services for a period of two years commencing on September 1, 1998 in exchange for which the Company would pay Mr. Sparkman \$250,000 per year and reimburse him for all reasonable and fully documented travel, office, entertainment, and other costs actually incurred in connection with carrying out his consulting services. During 2000, Mr. Sparkman received \$250,000 under this agreement. Mr. Sparkman has agreed to indemnify, defend and hold the Company harmless from any claim that any payment made to him under the consulting agreement should have been made to any other shareholder, employee or director of H & S. In addition, Mr. Sparkman has agreed to hold, in confidence, information regarding the Company that he learns while performing his consulting services. Finally, Mr. Sparkman has agreed that all inventions that he may conceive of or assist in creating while performing consulting services under the agreement belong to the Company and that he will assign all rights to each such invention to the Company.

## COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors met once and acted once by unanimous written consent in 2000. The members of the Committee are J. C. Sparkman (Chairman of the Committee) and Bruce A. Henderson.

The Committee recommends compensation arrangements for the Company's executive officers and administers its various stock incentive plans.

The Compensation Committee will review the compensation policies of the Company throughout the coming year. All compensation actions taken during 2000 were consistent with principles previously established by the Board of Directors. These principles include building a strong relationship between stockholder return and executive compensation, providing incentives to achieve both near and long-term goals, and providing an overall level of remuneration that is fair and reflective of performance. The chief executive officer and other executive officers are not present at the meetings unless requested by the Committee. Further, consistent with past practice, the Board has decided that management of the Company should make decisions with respect to the compensation of all employees other than the chief executive officer and all other executive officers of the Company.

**Compensation Philosophy and Program.** In administering executive officer compensation, the Compensation Committee's objective is to establish a total pay program for the Company that appropriately balances compensation costs with salaries and incentives sufficient to retain and motivate key executives. The chief executive officer presents proposals and recommendations on executive officer compensation to the Committee for its review and evaluation. In 2000, the Compensation Committee used data from independent sources, provided by the Company to establish compensation targets that reflect overall and individual executive officer compensation history, the Company's recent and planned performance and, to the extent available, data reflecting compensation practices of companies who are competitors of the Company (the "Compare Group"). The Compare Group included members of the Company's Peer Group and private companies. However, because the Company found that the companies comprising the Compare Group were substantially larger than the Company, the Compensation Committee discounted such comparison data and relied more on internal information and criteria in establishing its overall pay program for the executive officers. In 2001, the Committee will continue to employ a similar method to establish executive compensation. The Committee believes that the method it has employed in establishing executive compensation appropriately reflects the labor market for Company executives.

**Base Salary.** Base salaries are determined from an assessment of various factors including position, tenure, experience, salary history and individual performance. This assessment is generally subjective, not subject to weightings or formulas and only considers Compare Group data to the extent available and believed by the Compensation Committee to be helpful; however, it does include data received from independent sources. Individual base salary increases reflect what the Compensation Committee believes to be fair and appropriate after considering the subjective factors, an assessment of the Company's current and projected labor costs and the data it received from independent sources. Based upon the Company's financial performance for the year ended December 31, 2000, the Committee reassessed the base salaries of each of Mr. Arling and Ms. Jayne and the other executive officers. In this regard, Mr. Arling, who has an employment agreement with the Company (see "Employment Agreements") and is paid in accordance with the provisions of the employment agreement, received an increase in his base salary of 20% for 2001. The other executive officers (some of whom also have employment agreements with the Company or its subsidiaries - see "Employment Agreements") received increases for 2001 ranging from 1.3% to approximately 5%.

**Annual Bonus Incentives.** The Company believes that incentives help motivate attainment of annual objectives, including the Company's performance relative to that year's plan and the individual performance of each executive officer. Based in part on data provided by the Company that was obtained from independent consultants, the Compensation Committee has established a method for determining bonuses for the Company's executive officers, including the chief executive officer, utilizing a combination of financial and strategic goals. These goals contain both objective and subjective components and based upon the level at which those goals are achieved, each executive officer is paid a bonus equal to a percentage of the executive's base salary. For the chief executive officer and the executive chairman of the board, the percentage ranges between 30% and 120% of their respective base salaries as of year-end. For each other executive officer, the percentage ranges between 20% and 100% of the executive's base salary as of year-end. In certain circumstances, an additional bonus may be awarded if the Compensation Committee determines that an executive officer's individual performance warrants such award. Based on the achievement of the financial and strategic goals during 2000, Mr. Arling and Ms. Jayne each received an annual bonus for 2000 equal to 120% of their annual base salaries as of year-end and each of the other executive officers received a bonus in 2000 ranging from 44% to 76% of such executive's annual base salary as of year end. During 2000, none of the Named Executive Officers received a discretionary bonus.

Common Stock Incentives. In addition to the Company's 401K and Profit Sharing Plan, the Company, through its various stock incentive plans, may grant options to purchase Company Common Stock, stock appreciation rights or phantom stock awards to executive officers and employees of the Company and its subsidiaries with a view toward providing the executive officers and employees a stake in the Company's future and compensation directly aligned with the creation of stockholder value. The Compensation Committee may also issue stock options to attract new executive officers to the Company. The Compensation Committee generally establishes the terms and conditions of such grants. Individual awards are determined based on a subjective assessment of individual performance, contribution and potential. The Compensation Committee, based in part on the number of discretionary options granted to the Named Executive Officers during 2000, has determined that there will be no annual grant of options made to the Named Executive Officers during 2001. However, the Compensation Committee retains the discretion to make individual grants that it deems appropriate under the circumstances, including to any or all of the Named Executive Officers. During 2000, the Committee made no changes in the Company's 401K and Profit Sharing Plan and none are anticipated during 2001.

Perquisites. The Company offers very few perquisites or special benefits to executive officers. In general, the Compensation Committee believes that the benefits offered are less than those offered at typical companies of similar size, and are not material when considering total compensation.

Deductibility. The Compensation Committee does not believe that the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), will limit the deductibility of compensation expected to be paid by the Company during 2001. Section 162(m) generally limits the deductibility for federal tax purposes of certain types of executive compensation in excess of \$1.0 million dollars per year. The Compensation Committee will continue, however, to evaluate the impact of Section 162(m) of the Code and any other such provisions and take any action deemed appropriate to maximize the deductibility for federal tax purposes of all elements of compensation. The Company, however, may from time to time pay or award compensation to its executive officers that may not be deductible. Further, because of the ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given, notwithstanding the efforts of the Company in this area, that compensation intended by the Company to satisfy the requirements for deductibility under Section 162(m) does in fact do so.

It is the view of the Compensation Committee that the compensation programs of the Company are well structured to encourage attainment of objectives, offer opportunities for a total level of compensation that is consistent with other companies of similar size, and foster a stockholder perspective in management. The Compensation Committee believes that the overall levels of compensation provided by these programs are fair and appropriate for the year just ended and that they serve stockholders' long-term interests.

## AUDIT COMMITTEE REPORT

The Audit Committee reviews the Corporation's financial reporting process on behalf of the Board of Directors and while management has the primary responsibility for the financial statements and the reporting process, the Corporation's independent auditors are responsible for expressing an opinion on the conformity of the Corporation's audited financial statements to generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the Corporation's audited financial statements for the three years ended December 31, 2000. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by Statement on Auditing Standards No. 90. In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and discussed with them their independence from the Corporation and its management. Finally, the Audit Committee has considered whether the independent auditors' provision of non-audit services to the Corporation is compatible with the auditors' independence.

Relying on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the financial statements of the Corporation for the three years ended December 31, 2000 as presented to the Audit Committee be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2000 to be filed with the Securities and Exchange Commission in accordance with the Securities Exchange Act of 1934, as amended and the rules and regulations promulgated thereunder.

## AUDIT COMMITTEE CHARTER

## I. PURPOSE

The primary function of the Audit Committee ("the Committee") is to assist the Board of Directors ("the Board") of Universal Electronics Inc. ("the Company") in fulfilling its oversight responsibilities with respect to (i) the annual financial information to be provided to shareholders and the Securities and Exchange Commission ("SEC"); (ii) the system of internal controls that management has established; and (iii) the external audit process. In addition, the Committee provides an avenue for communication between the independent accountants, management and the Board. The Committee should have a clear understanding with the independent accountants that they must maintain an open relationship with the Committee, and that the ultimate accountability of the independent accountants is to the Board and the Committee.

## II. ORGANIZATION

The Committee shall be composed of three or more directors as determined by the Board. The members must be independent of the management of the corporation and free of any relationship that, in the opinion of the Board, would interfere with their exercise of independent judgement as a committee member. One of the members of the Committee will be elected Committee Chair by the Board.

## III. MEETINGS

The Committee is to meet at least two times per year, and as many times as the Committee deems necessary.

## IV. RESPONSIBILITIES AND DUTIES

The Committee believes its policies and procedures should remain flexible in order to react to changing conditions. The Committee will fulfill its duties and responsibilities as follows:

## A. General

- Review and update this Charter periodically, at least annually, as conditions dictate.
- Report Committee actions to the Board with such recommendations as the Committee may deem appropriate.
- Provide open avenues of communication between and among the independent accountants, the management of the Company and the Board.
- Conduct or authorize investigations into any matters within the Committee's scope of responsibilities. The Committee shall be empowered to retain independent counsel, accountants or others to assist it in the conduct of any investigation.
- The Committee will do whatever else the law, the Company's charter, bylaws, or the Board requires.

## B. External/Independent Accountants

- Recommend to the Board the selection of the independent accountants, considering independence and effectiveness. The Committee will review annually with management the fee arrangement with the independent accountants. On an annual basis, the Committee will review and discuss with the accountants all significant relationships the accountants have with the Company to determine the accountant's independence.
- Obtain from the external auditors a formal written statement delineating all services provided to the Company and all relationships between the auditor and the Company.
- The external auditor is ultimately accountable to the Board and the Committee, as representatives of the shareholders, and the Committee has the ultimate authority and responsibility to select, evaluate, and where appropriate replace the outside auditor.
- Meet annually with the independent accountants and financial management of the Company to review the proposed scope of the external audit for each current year. The external audit scope shall include a requirement that the independent accountants inform the Committee of any significant changes in the independent accountants' original audit plan.

## C. Financial Reporting Processes/Internal Controls

## QUARTERLY REPORTING PROCESS

- Ensure that the independent accountants and the management of the Company are satisfied with the quality and appropriateness of the financial statements and that they advise the Committee through its Chair and the management of the Company of any significant matters identified through their review of the Company's interim quarterly financial statements. And that such notification is to be made prior to the related press release or, if not practicable, prior to filing the Form 10-Q for the applicable quarter.
- On an ongoing basis, ensure that the independent accountants and the management of the Company are satisfied with the disclosure and content of the financial statements included in Form 10-Q, including the nature and extent of any significant changes in accounting principles, prior to the filing of the Form 10-Q with the SEC.

## ANNUAL REPORTING PROCESS

- At the completion of the annual audit, discuss the following with management and the independent accountants:
- Review the results of the audit, and the annual financial statements and related information to determine that the independent accountants and the management of the Company are satisfied with the quality, not just the acceptability, of the Company's accounting principles and underlying estimates, and the appropriateness of the financial statements, prior to the release of the annual earnings.
- Discuss the adequacy of the company's system of internal controls.
- Advise management and the independent accountant to discuss with the Committee their qualitative judgments about the appropriateness of accounting principles and financial disclosure practices used or adopted by the Company.
- Ensure that the independent accountants and the management of the Company are satisfied with the disclosure and content of the Form 10-K prior to its filing with the SEC.

## D. Legal and Regulatory Compliance

- Review with the Company's legal counsel any legal matters that may have a significant impact on the Company's overall financials.
